---

*Interested in exploring new possibilities and solving (complex) problems;  
I aim to find the most practical solution.*

---

## Education

---

2019 - 2021	<u>Master</u>	<b>Data Science</b> , dual degree (EIT)	Eindhoven University of Technology & Technical University of Madrid
2018 - 2019	<u>Pre-Master</u>	<b>Technical Computer Science</b>	University of Twente
2015 - 2018	<u>Bachelor</u>	<b>Mechanical Engineering</b> With <b>Electrical Engineering</b> minor	University of Twente Hanyang University (한양대학교)

## Skills

---

- : Proficient in **Dutch** (native), **English** (fluent) and **German** (reasonable)
- : Knowledge of the following from university courses as well as from personal projects:
  - Data**: Processing (Spark), cleaning (Pandas), modelling (TensorFlow, sklearn), analysis & visualization
  - Programming languages**: Python, Java, MATLAB, Haskell & SAS
  - Databases**: XML, SQL, JSON, RDF & SPARQL
  - Business development**: Pitching, Business Model Canvas, Design Thinking & Lean Startup
  - Operating systems**: Windows, Linux (Debian, Ubuntu, Arch) & Mac

  - Version control**: Git
  - Process optimization**: Lean Manufacturing & Six Sigma
  - Text languages**: Markdown(where this CV is written in), LaTeX, Microsoft Office & any text file

## Work experience

---

- : **Teaching Assistant**, Eindhoven University of Technology; 2020, Autumn  
My main tasks were to help students with solving questions and to coach student groups. All communication happened in English and I was responsible for ten groups of five students.

## Extra activities

---

- : **1st prize Hackathon "Satellite Image Analytics"**, JunctionX Seoul; 2020, October  
I was the project manager of the team and, therefore, coordinated tasks. Besides that, I defined the problem, solution and business; which I pitched (pitch can be found [here](#)).
- : **Summer School "Big Data Analytics"**, KTH Executive School; 2020, August  
Intensive two weeks, wherein I developed a business plan with coaching of professionals. Furthermore, I got in-depth lectures on Big Data as well as its application in leading European Companies.
- : **Vice President Dies Committee**, DSCC/DJCR 'Audentis et Virtutis'; 2016, December - 2017, March  
Organized two weeks full of activities for  $\pm 300$  students, including a gala in a manor house. I took care of the communication (internal and external), general structure and management, and the website.
